- 11.30 – 12.30 Preparation towards collaboration and open discussion regarding reporting (All)
- 12.30 Closure Michel Ferrari

Notes

- Arne May can join the meeting only from 10.30 am onwards. We therefore have rearranged the order of the presentations to optimise Arne's presence during discussions on WPs he is actively involved in.
- For each presentation, the first name (underlined) always indicates the presenter. These are deliberately chosen to optimally match the original WP descriptions and our aim to promote the visibility of young female researchers and clinicians in the migraine field.
- Each presentation must focus on:
 - o Which deliverables must be met and by when?
 - o The work done so far
 - o Issues with meeting the deadlines and how these can be solved
 - o Possible alternative deliverables for which we need to request approval from EU
 - o Current and planned collaborations within and between WPs.
- Each WP leader is responsible for gathering information from other partner involved in the WP and for providing a report on the WP according to the template. These documents will be the basis for the mandatory interim-report to the EU.
